Ok, maybe we should take a look at the gate and then head to Home Depot, as we may need some chain or something as well.

John, FYI Frank Cardiello is confirming that I can lock the purported owner off the property. Keep in mind, EPA is placing the locks on the gate, Ashland is just paying for them.

There is a home depot right near the site. I can stop on my way or we can meet. We probably need a handful of locks and I would think keyed alike if we can get them.

Ok, that sounds good. My cell is [REDACTED]

Is there a way for you to purchase a lock?

I do not know but we can look at it. It is a rolling gate. And I think there is a chain. I will let LPH know we will be there. Meet you at 9 at the LPH old guard house?

9:00 is good, I'll see you at the site. Do you think it's possible to shut that gate by the brine building area?

Tomorrow is much better for me. I have a credit union meeting at a restaurant in Linden from 12 – 2.
Would it be possible to do it in the morning say 9 or 10 o'clock?
And let me know what you need – if anything. I have keys and we can talk to the LPH people if you would like.

Carrie, either this afternoon or tomorrow anytime are good for me. Let me know if you can make either

Thanks,
jon
